

## Energy Saver

# Energy efficient commercial refrigeration

**Operating 24 hours a day, 7 days a week refrigeration costs are often overlooked.**

Have an energy expert visit your premises (within the Sydney Metro area) to conduct a high-level assessment and receive tailored training suited to your refrigeration systems and business operation.

### What will you learn?

Using real-life business scenarios and case studies, you will:

- be able to compare equipment in terms of energy efficiency
- understand the principles of refrigeration and identify typical systems
- be able to take simple steps to improve the productivity of existing systems
- learn about new industry trends and how they can affect your system

### COURSE DETAILS

**Date:** Tuesday 22 October 2019

**Time:** 9:00am to 12:30pm

**Cost:** \$150 early bird until 1 October 2019  
\$200 regular price

**Location:** Fraser Suites Sydney, Level 11  
Liverpool rooms 1 & 2, 488 Kent Street,
