

## Level 1 Service Providers for constructing distribution network assets in NSW

Current as at Thursday, 6 February 2020

### Disclaimer

This list of entities accredited for contestable connection services is published as required by clause 27 of the Electricity Supply (Safety and Network Management) Regulation 2014. The content of the list is for general information only and does not constitute any form of advice or recommendation upon which a specific decision should be made. Department of Planning, Industry and Environment disclaims all responsibility and all liability (including without limitation, liability in negligence) for all expenses, losses, damages and costs which you might incur as a result of information being inaccurate or incomplete in any way, and for any reason.

### Definitions:

Class 1A = Carry out work on or near the overhead electricity network

Class 1B = Carry out work on or near the underground electricity network including both paperlead and polymeric and associated underground asset installation works

Class 1C = Carry out work on or near the underground electricity network and associated underground asset installation works limited to polymeric cables only

Class 1X = Non-electrically qualified
